

FIND YOUR PATH

Compass Health Network is dedicated to pursuing educational enrichment, collaboration and study, and offers numerous opportunities for internships, practicums, preceptorships, and clinical rotations. These opportunities are mentored experiences in which a practicing therapist, counselor, or clinical supervisor volunteers to give personal instruction, training, and supervision to a student. This experience offers an opportunity to get to know a particular field of study, understand the realities of the career, discover likes and dislikes, and to experience a workplace setting.

MEET OUR TEAM of professionals

Dr. John Dandurand

Psychologist

Dr. Dandurand has been a licensed psychologist in Missouri since 2018. He earned his degree from the California School of Professional Psychology (CSPP) at Alliant International University - Los Angeles in 2016. While at CSPP he completed practica at the University of California, Los Angeles Semel Institute and at Aegis Treatment Centers, giving him varied experience in working with autism spectrum disorder, Intellectual Disability, substance use disorders, as well as a variety of frequently co-occurring disorders. He completed his internship and post-doctoral residency at Pathways/Compass Health Network, where he continues to see a wide variety of clients in a rural mental healthcare setting. Dr. Dandurand is primarily cognitive-behavioral in his theoretical orientation and draws significant influence from more behaviorally oriented approaches from his work as a Behavior Specialist while in graduate school. He continues to appreciate the contributions of other theoretical approaches to the field.

Dr. Tenea Lowman

Royal Oaks Hospital Deputy Chief Clinical Officer

Dr. Tenea Lowman is the Director of Psychology and Clinical Services at Royal Oaks Hospital. She completed her Masters and Doctoral Degree in Clinical Psychology at the former Forest Institute of Professional Psychology in Springfield, Missouri, in 2005. She then completed her internship and post doctoral training with HAPTC at Royal Oaks and continued on as a full time Licensed Psychologist with the agency. Dr. Lowman specializes in inpatient psychiatric behavioral health. She has been supervising pre-doctoral interns and post-doctoral residents since 2006.
