

Central Iowa Psychological Services

Compassionate, Whole Person Care, Where You Matter

12/14/2018

Dear Postdoctoral Applicant:

Central Iowa Psychological Services is currently accepting applications for a post-doctoral fellowship opportunity. The fellowship will focus predominantly on assessment, though many opportunities will be available for ongoing training in other clinical services as well. Much of the fellowship will focus on working with children, adolescents, and parents. This fellowship opportunity will be available primarily at our West Des Moines office location with some time available in our Ankeny location.

The fellowship will provide further skill development in psychological assessment, individual therapy, opportunities for presentations in the community, and practicing coordination of care with treatment teams made up of a variety of care providers.

Psychological assessment opportunities include conducting evaluations of ADHD and Learning Disorders, and other behavioral and developmental assessments. Opportunities will be provided for conducting assessments for agencies, schools, and for individuals in a private practice setting and for developing treatment plans in collaboration with a wide variety of collateral contacts, including schools and community resources.

There will be opportunities to continue to develop ongoing individual therapy skills with children, adolescents, and/or adults as well. Central Iowa Psychological Services employs licensed psychologists, play therapists, licensed independent social workers, couples and family therapists, licensed mental health counselors, and certified alcohol and drug counselors. There is a variety of clinical emphases within the practice and ample opportunities for multidisciplinary consultation.

The Central Iowa Psychological Services Fellowship will pay \$31,000 with 2 weeks of Paid Time Off (PTO) time (vacation and sick leave). Also provided are: Workman's compensation, professional liability insurance, unemployment coverage, paid holidays, and a stipend toward our group health insurance premium and dental/vision insurance premium. CIPS also has a 401K plan available to all employees to contribute to, at their discretion. CIPS will also pay for or provide study materials for the EPPP Licensing Exam as part of the position benefits. It is anticipated that the post-doc could begin anytime after January 1, 2019 and the time-line is negotiable depending on the demands of the pre-doctoral internship.

If interested in this fellowship position, please provide the following: A letter of interest, a copy of your vita, an unofficial graduate transcript, a copy of a past psychological assessment report (appropriately edited to protect confidentiality) and three letters of reference (with their contact information). This packet needs to be sent to Warren H. Phillips, Ph.D., Central Iowa Psychological Services, 223 S. Walnut Avenue, Ames, IA 50010. Alternatively, application and materials may be provided via email (whp@iowacounseling.com) or fax [(515) 233-6500]. Any questions may be addressed to Dr. Phillips at (515) 233-1122.

Sincerely,

Warren H. Phillips, Ph.D.
Licensed Psychologist and Owner
