

Integrated Primary Care Homestudy Training

SPONSORED BY THE NATIONAL PSYCHOLOGY TRAINING CONSORTIUM (NPTC)

Integrated Primary Care (3 CEs)

Materials composed and provided by Tom Barbera, Ph.D.

Instructional Level

Advanced

Course Description and Target Audience

This course will review key dimensions of integrated primary care including: the rationale for providing psychology services in a primary care clinic, models of integration, skills required, common patient referrals, assessment tools, treatment structure, documentation, billing and ethical issues. Participants will also have an opportunity to design and practice implementing a brief intervention.

The target audience is mental health providers (advanced doctoral level psychology trainees, psychologists in practice, master's level clinicians etc).

Learning Objectives

- To describe the evidence-based benefits of integrated primary care.
- Participants will be able to explain the components of a brief evaluation.
- Participants will practice designing brief interventions for depression or anxiety and smoking cessation or obesity.
- Participants will practice applying brief interventions for depression or anxiety and smoking cessation or obesity.

Video Homestudy Format

CE's for this homestudy training will be earned through completing the following tasks:

- Watch the presentation video and review all provided documents in their entirety.
- Pass the post-test questionnaire with at least 80% correct (15 of 18 questions correct).
- Fill out a program evaluation form.

Presenter Information:

Tom Barbera, Ph.D., is an Air Force Veteran and a faculty member of the St. Vincent Family Medicine Residency Program. His clinical practice at the St. Vincent Primary Care Center concentrates on mood disorders, pain management, insomnia and health behavior change. His research interests include resident wellness, primary care treatment of psychiatric disorders, patient-physician communication and health behavior change. Dr. Barbera has provided integrated primary care lectures to the IUPUI Graduate Psychology Program, St. Vincent Psychology Internship Program, and the National Psychology Training Consortium.
