

Psychological Consultation Homestudy Training

SPONSORED BY THE NATIONAL PSYCHOLOGY TRAINING CONSORTIUM (NPTC)

Psychological Consultation (3 CEs)

Materials composed and provided by Thomas Gross, Ph.D.

Instructional Level

Advanced

Course Description and Target Audience

The course is meant to familiarize participants with broad aspects of psychological consultation and characteristics of consultants. Participants will become familiar with popular models of consultation and receive opportunities to conceptualize how implement various consultation models. The material is based on current practices in consultation, using current scientific literature. This presentation is meant to provide basic knowledge regarding systematically providing consultation to other professionals. There are no known risks associated with this presentation.

The target audience is mental health providers (advanced doctoral level psychology trainees, psychologists in practice, master's level clinicians etc).

Learning Objectives

- Identify the major components of psychological consultation.
- Identify and articulate the stages and processes of consultation, and consultant characteristics.
- Identify three major models of psychological consultation and describe how they are implemented.
- Apply principles of consultation to client and consultee problems.

Video Homestudy Format

CE's for this homestudy training will be earned through completing the following tasks:

- Watch the presentation video and review all provided documents in their entirety.
- Pass the post-test questionnaire with at least 80% correct (15 of 18 questions correct).
- Fill out a program evaluation form.

Presenter Information:

Thomas Gross, Ph.D., received his Doctor of Philosophy in 2013 at Oklahoma State University. He has provided consultation in school and mental health settings, and currently provides research and program evaluation for formative and summative purposes to Boys Town in Nebraska.

Registration Information:
