FOUR COUNTY

BETTER CARE, BETTER TOGETHER

Four County is your local Community Mental Health Center serving the communities of North Central Indiana for nearly 45 years. We offer a variety of community and school based mental health and substance use services.

Four County began as the designated community mental health center for Cass, Miami, Fulton, and Pulaski Counties. To better meet the need of North Central Indiana, we have expanded our services to Howard County, Tipton County, White County, Marshall County, and Clinton County. We are rural behavioral health specialists and strive every day to expand access and quality care in all counties we serve.
