

# Quick Guide

---

Training Tomorrow's Psychologists in the Discipline and Practice of Psychology with Rural and Underserved Patients

The **National Psychology Training Consortium (NPTC)** operates three different APA-accredited doctoral psychology internship programs.

The **Cascades Region** is comprised of sites within central and northwest Washington. NPTC-Cascades has 10 internship positions available each year.

The **Central Region** is made up of sites across central and southwest Missouri and northwest Arkansas. NPTC-Central has an average of 25-30 internship positions available each year.

The **Great Lakes Region** consists of sites throughout central Indiana. NPTC-Great Lakes has an average of 22-25 internship positions available each year.

# What Next?

- Check out the **Internship Brochures** on our [website](#) to learn more about each of our regions. Specific site descriptions and rotations begin on **page 6** of each of the brochures.
- Visit the **Virtual Open House** page of our website to learn more about the internship application process and to explore the webpages of each of our sites.
- Apply to one or more of our regions by **November 21, 2021**. Applicants can apply to as many sites as they wish through a single application to one of our regions.
