

## Supervisor Training Requirements

### **Licensed Psychologists Assigned to an Intern:**

**\*New Supervisor** - All licensed psychologists **assigned to an intern** or **providing regular group supervision** must complete the NPTC training requirements in Thinkific when added as a new supervisor or submit a CE certificate from an **approved** course(s) on supervision. The training requirement is 6 CE hours on supervision. Supervisors will have **60 days** to complete and will be on a probationary term until completion. They will be removed from the list if not completed.

*\*NPTC requires supervisors who are providing supervision to be added a minimum of **30 days prior** to providing supervision*

**\*Continuing Supervisor** - All licensed psychologists assigned to an intern or providing regular group supervision, must attend the live supervisor orientation or complete the homestudy. They will have 60 days to complete and will be removed from the list if not completed.

### **All supervisors:**

\*Must complete a CV update annually to remain on the supervisor list, no exceptions. This will ask about supervisor activities covering the **past year only** and should only take 5-10 minutes to complete.
